

Mentee Application

A Mentor is defined as an 'experienced advisor'. They can serve as a consultant, a counselor, and a cheerleader! MLH Mentor volunteers have offered to be a mentor to other MLH members! The mentoring process will take place via phone, email, or other social media such as Zoom, according to the willingness of the mentor. The relationship timeframe is up to the two of you. This program will remain in place until the end of 2021 and then will be evaluated by MLH leadership.

If you would like to be connected with a Mentor, please send an email with the following information
